Ocean Network Express Pte. Ltd.

## ONE Renewed Own Loading Record Exceeding 19000 TEUs

*MOL TRIBUTE*

**14 Feb 2019 – Singapore –** “MOL TRIBUTE”, operated by Ocean Network Express (ONE), renewed a loading record with 19190 TEUs (including 38 TEUs void slots). The previous loading record was 18767 TEUs by “MOL TRADITION” in late December 2018.

“MOL TRIBUTE”, which is deployed in ONE’s “Far East Loop 2” (FE2) service in THE Alliance (THEA), achieved the record on her Singapore westbound departure to North Europe on 11 Feb 2019, and it was the first time for ONE to surpass 19000 TEUs containers onboard.

These loading records were achieved by the strong customer support to this service, excellent performance and cooperation of the terminal operators, as well as the continuous challenges made by ONE’s stowage planners and shipping crew to optimize vessel’s capacity and cargo weight distribution.
