Ocean Network Express takes on World Clean Up Day Globally

Ocean Network Express (ONE), as a global container shipping company, recognize our responsibility on environmental protection and we set environment as one of four sustainability priorities.

As we identify with the philosophy of “World Clean-up Day”, we organized a global clean up event for the first time after the company’s establishment in 2018.

In Asia, although most countries are restricted by current COVID-19 situation, ONE Pakistan was able to participate in the Beach Cleaning Drive and cleaned some part of the Clifton Beach in Karachi. In appreciation of ONE employees giving their time, a donation of 5,000 EUR was made from ONE GHQ, Singapore.

Throughout September, ONE Europe has taken part in a variety of clean-up activities, in honour of World Clean Up Day. This annual event is held to help raise awareness of the amount of rubbish that enters our seas and rivers daily, impacting our marine life and ecosystem. Over 240 employees across Europe and Africa participated and contributed to various clean-up activities, spanning over 85 hours.

This mammoth effort was carried out across 15 countries, ranging from working alongside the Egyptian Coastguard, cleaning up the beaches in Damietta, Egypt; to cleaning the canals in canoes and on paddle boards in Hamburg, Germany.

As well as carrying out a beach and roadside clean, our colleagues in The Netherlands also completed a 13km run/walk in an attempt to reduce their carbon footprint.

Our colleagues in Denmark, Poland and Sweden went out and cleaned up the streets and harbours in their local areas and our fellow colleagues in Nigeria planted trees.
